FRANCHISE PROPOSAL

UC Kindies : A Concept Kindergarten

After 30 years of involving in mental development programmes throughout the world, now UC International Corporation has another member, UC Kindies, our very own concept kindergarten. UC Kindies advocates a healthy measure of fun and giggles alongside learning under one roof. The Kindergarten is an initiative of **UCMAS** an International educational group with presence in 80+ countries. They are known for their whole brain development programs & scientifically proven skill development programs worldwide. UC Kindies is present across the world & is a global chain of pre-school.

How Is UC Kindies Different?

Our main focus is on the whole language development, logical and cognitive development along with training services.

Child-Centric School

We are a child centric school where children come first, no matter what. We take adequate measures to ensure our children's safety and care. The program is designed keeping the child in mind. Therefore, at UC Kindies, you will notice that our student-teacher ratio allows personal care of every child.

Child-Friendly Infrastructure

Our school provides a clean, safe, orderly and vibrant environment for our children to develop with love and laughter. The child centric infrastructure includes an abundance of stimulating toys and learning tools, both indoors and outdoors.

Hygienic & Safe Environment

At UC Kindies, we follow a strict hygiene policy to ensure safety of all our children. The school is also designed keeping in mind the child safety. For instance, we provide skid proof flooring and CCTV cameras across our branches.

Excellent Learning Programs

Our UC Mental Developmental Program focuses on building a strong foundation in maths and science for your child to cultivate a keen intellect for logical & critical reasoning along with mental calculations.
